

22 April 1958

MEMORANDUM FOR: C/TSS/PSD

SUBJECT : Battery Charger for Project P-125D - 35 mm Time
Lapse Camera

1. In accordance with telephone discussion this date between [redacted] and yourself, the question of a suitable battery charger for the above unit was clarified.

25X1

- a. To operate from 110 and 220 volts AC
- b. To operate from 50 to 60 cycles AC
- c. Not to include DC in the charger

2. By eliminating DC from the charger reduces complexity of design, and increases reliability and simplicity.

3. If this is your understanding of the above telephone conversation, we are ready to proceed in supplying a suitable charger for this unit.
